25X1 5. [ ] Talked to Bill Hogan, Counsel, Intelligence Subcommittee staff, House Armed Services Committee, who told me that Representative O. C. Fisher (D., Tex.) is in Bethesda Hospital for checkups for a mild coronary condition and that Fisher had called and asked him to ascertain from us the annual cost of foreign intelligence collection by the Soviet Union. Bruce Clarke, D/OSR, has been advised.

25X1 6. [ ] Called Representative Minshall (R., Ohio) and gave him some information about the political situation in Antigua in which he had expressed a personal interest.

25X1

25X1 8. [ ] Discussed with Jim Woolsey, General Counsel, Senate Armed Services Committee, the problem of dissuading Senator Symington (D., Mo.) from publishing Agency transcripts of Watergate testimony. Woolsey suggested that a request from Ambassador Helms might carry a good deal of weight with Senator Symington, but I told him I thought Helms would be very reluctant to intervene in the matter. I told Woolsey that the Director had planned to call Senator Jackson (D., Wash.) on the matter but I wasn't sure whether he had done so yet. Woolsey said he would try to persuade Symington to delete the testimony of our Medical Staff, or at least delete their identities.

25X1 9. [ ] Delivered to the offices of Senators Frank Church (D., Idaho), Hugh Scott (R., Pa.), Mike Mansfield (D., Mont.), and J. W. Fulbright (D., Ark.) and Representative Gerald Ford (R., Mich.) [ ] items in which their names were mentioned.

STATSPEC

25X1 10. [ ] Delivered to Nancy Leong, in the office of Representative Phillip Burton (D., Calif.), the "Directory of Officials of the People's Republic of China" which she had requested earlier.
